Teacher Questionnaire

1. What did you find useful about the teaching session/s?	Really useful terminology / concepts communicated to students about Marxism and Ideology.
2. Would you change anything about the teaching session/s? If so, what?	Good to expose students to a Lecture-style as they will soon experience this at university. Would have been good for them to share ideas about the extracts they had analysed - like a tutorial.
3. Did the session/s change the way you think about a particular topic or issue? Can you give an example?	Deepened my understanding of Marxism. I had not previously known about base/super-structures.
4. Did the session/s change the way your students think about a particular topic or issue? Can you give an example?	Not known as students didn't feedback.
5. Is there any other information you would like to provide?	✓
6. Would it be ok to contact you again in 4-12 weeks' time to return the students' postcards with short student questionnaires?	Yes.
